Re: **Peterson Tool is Offering 20% OFF Any New Purchase Order! \***

Dear Manufacturing Partner:

Due to circumstances that we are all facing from the Global Pandemic, Peterson Tool Company is grateful to be open and fully operational. With your support, we have been able to remain fully staffed and running production at pre-Covid 19 levels. We have thankfully not had any absences outside of the usual needs. We are considered an essential business much like many of you and we hope you have remained open every day. We, like everyone, are struggling with the financial and emotional strains of the present environment. However, I am confident that Peterson Tool will come out stronger due to having a solid foundation based on 60 years of operational experience. Manufacturing in the US will also come out stronger as global supply chains are disrupted, and users will source closer to home. We understand that not all our customers are in the same situation and may be struggling due to the sudden economic slowdown. Therefore, since we are all in this together, we are making the following offer to help get us all back on track.

We have decided in celebration of the reopening of America, to offer a **Back to Work Celebration Discount of 20% on one Purchase Order** until 6/15/2020\*. At Peterson Tool Company we understand how important our customers are to us and want to support you in this difficult time.

Diane Peterson Edwards  
**President & CEO**

739 Fessler Lane, Nashville, TN 37210

\*Offer good on one new Purchased Order per customer placed from 5/15-6/15/2020. If your practice is to place only one line item per PO, then the discount extends to all PO's on that date. Insert price discount must be used on the 12-piece price. Minimum volume per insert of 12 pcs. Usual volume discounts cannot be combined with this discount or any other discount. Not good for ship schedule or blanket orders. Order must be shipped immediately upon completion of production. If new design, please call for specific instruction on the discount offer at the time of quote. Restrictions may apply. All Purchase Order are subject to our usual terms and conditions and can be found at:
